

ProSPER.Net Joint Research Projects

Since its inception, ProSPER.Net members have launched a wide variety of joint projects ranging from the creation of an online postgraduate programme in public policy and sustainable development practice to the integration of sustainable development in business school curricula.

Joint Research Proposal (open only to the ProSPER.Net members, deadline is now closed)

The ProSPER.Net members are encouraged to submit joint research proposals for 2017. Proposals need to be prepared following the updated [ProSPER.Net Project Guidelines](#). Submitted proposals will be reviewed by the Board prior to the General Assembly in July. Approved projects should be implemented within six months following approval and should be completed during the course of one year. We look forward to receiving your proposals.

To find more about ProSPER.Net joint projects, please visit the page of each project.
