

Development Co-operation Report 2015: Making Partnerships Effective Coalitions for Action

The Development Co-operation Report 2015: Making Partnerships Effective Coalitions for Action is based on analysis and experience and draws out ten success factors that show how partnerships function to their maximum potential and are fit-for-purpose in addressing the imposing challenges of the post-2015 world. The full report can be downloaded [here](#). A visual summary can be downloaded [here](#).

MDG Gap Task Force Reports on Millennium Development Goal 8

The MDG Gap Task Force Report 2014 “The State of the Global Partnership for Development Report” identifies implementation gaps to achieve the MDGs and provides recommendations on how to address these gaps. The full report can be downloaded [here](#).

National Plan of New Urbanization (2014-2020) for China released

In China urbanization has increased from 17.9% to 53.7% since 1978. China cannot put a hold on its urbanization processes as they are the main driving force for social and economic development. On the other hand, the old way of urbanization is no longer considered as desirable. New strategies and goals are needed. The full report can be downloaded [here](#).

Critical milestones towards a coherent, efficient, and inclusive follow-up and review of the 2030 Agenda at the global level

An advanced unedited copy of the report of the Secretary-General on the critical milestones towards coherent, efficient and inclusive follow-up and review of the 2030 sustainable development agenda at the global level is now available [here](#).

Satoyama Initiative Thematic Review Vol. 1

The “Satoyama Initiative Thematic Review” is a publication series, comprising a compilation of case studies providing knowledge related to “socio-ecological production landscapes and seascapes (SEPLS)”, in particular those that are used by and with local communities and other stakeholders to deepen understanding of SEPLS. The publication can be downloaded [here](#).
